

BELEWS LANDING WATERING SCHEDULE

As we are moving into Spring and Summer, the Water Committee would like to make efforts to ensure we don't experience water pressure issues this year. It is imperative that everyone follow the watering schedule outlined below. The pressure issues experienced last year are a result of heavy lawn watering in the AM hours to the point of draining AQUA's storage tank, dropping the pressure to near zero for many homeowners last year. With this understanding, we are continuing the implementation of a lawn watering schedule for Belews Landing for 2020.

- **EVEN ADDRESSED HOUSES – MONDAY/WEDNESDAY/FRIDAY**
- **ODD ADDRESSED HOUSES – TUESDAY/THURSDAY/SATURDAY**
- **NO WATERING ON SUNDAY – TO ALLOW THE WELLS TO RECOVER**
- **SCHEDULE ALL LAWN IRRIGATION TO BE COMPLETED BETWEEN 3PM AND 3AM STARTING ON THE ASSIGNED DAY**
- **THIS SCHEDULE DOES NOT APPLY TO OTHER ACTIVITIES SUCH AS CAR WASHING AND HAND WATERING**

Even if you may not be experiencing water pressure issues, please do your part in supporting our community by following the water schedule listed above. All usage is affecting the availability to the rest of the neighborhood.

If you have any questions, please contact Roy Montague or HOA Board on www.belewslanding.org.
